

INSTRUCTIONS FOR COMPLETION

2006-07 Open Enrollment Application Form
PI-9410

Read All Instructions Carefully. Missing or inaccurate information can cause problems handling the application and may even cause an approved open enrollment to be voided at a later date. If you have any questions, please contact the open enrollment coordinator at the school district to which you are applying, or call the open enrollment consultant at the Department of Public Instruction at 888-245-2732 (ext. 2 then 3).

Student's Name: Provide the student's first name, middle initial and last name. Please use the same name for all applications for this student. Fill out a separate application form for each student.

Provide the student's birthdate (month, day, year) and sex.

Daytime Phone: Provide a phone number where you can be reached during the daytime.

Mailing Address and Street Address: The mailing address is where you receive your mail. This is where the notices of approval or denial will be sent. If your mailing address is a post office box or different than where you actually live, please provide your street address.

Grade: Indicate the student's grade in the 2006-07 school year.

- The open enrollment law limits the ability of students to participate for prekindergarten, 4-year-old kindergarten, and early childhood education. In order to participate in these programs, the student's resident school district must offer the same type of program and the student must be eligible for the program in her or his resident school district. If your resident school district does not offer prekindergarten or 4-year-old kindergarten, your application will be denied.

Race/Ethnicity: If you wish, you may indicate all categories that apply to the student.

Nonresident School District: This is the school district you want your child to attend.

- **You may apply to no more than three nonresident school districts for each student.** If you applied to other school districts, please indicate them on the form.
 - You must submit a separate form to each of the school districts to which you apply.
 - If you submit applications to more than three school districts, all applications will be declared invalid.

Resident School District: This is the school district in which you will reside in the 2006-07 school year. You must provide a resident school district and the resident school district must be the same on all applications you submit. Do not leave this space blank, do not write "unknown," and do not indicate more than one resident school district.

Important Information if You Are Planning to Move

- If you are planning to move, you may apply for open enrollment. You must indicate as the resident district, the district in which you will be living by September 15, 2006. You do not have to have an address in that district at this time, but you must know what the district will be. If you do not know what district you will be living in, it is very difficult to apply for open enrollment.
- It is not required that you reside in this school district right now. However, you **must** be residing in this school district no later than the third Friday in September (September 15, 2006) or your open enrollment will be void.
- If you are planning a move to a different school district and wish your children to continue to attend the district they currently live in and attend, it may not be necessary to apply for open enrollment at this time. Please call the open enrollment coordinator at your school district or the open enrollment consultant at the Department of Public Instruction and discuss "Tuition Waiver Due to a Move." If the student will be a senior in the 2006-07 school year, ask about the "senior rule."

Please indicate the public school district or private school your child is currently attending. If your child is currently enrolled in a home-based private educational program, please write "home-base".

- **IMPORTANT NOTE:** You may apply for open enrollment even if your child is currently enrolled in a private school or a home-based private educational program. However, if your child participates in open enrollment in the 2006-07 school year, she or he may not be also enrolled in a private school or home-based private educational program.

Optional. If you are applying for a specific school or program in the nonresident school district, you may do so.

- However, assignment to the requested school or program is not guaranteed, and your child may be assigned to a different school than the one requested. You may indicate in the check box that you only wish to be considered for the school listed, however, if you do this: 1) your application may be denied even if there is space in another school in the district and 2) you will not be placed on a waiting list if the school district has one.

Please answer all of the yes/no questions.

You are responsible for transporting your children to and from school in the nonresident school district.

- If the student is eligible for free or reduced price meals under the federal school lunch program, you may apply to the Department of Public Instruction for reimbursement of your transportation costs.
- Following are the income guidelines for the federal school lunch program in the 2005-06 school year to assist you in determining whether you may be eligible for reimbursement.

Household Size	Gross Monthly Income	Household Size	Gross Monthly Income
1	\$1,476	5	\$3,486
2	\$1,978	6	\$3,989
3	\$2,481	7	\$4,491
4	\$2,984	8	\$4,994
<i>For each additional household member, add</i>			\$503

- If you wish to apply for reimbursement, please check “yes” on the form and provide the following information:
 - The number of students you will be transporting.
 - The number of miles in a round trip from home to school and back home again.
- In May, the Department will send you information about submitting a claim for reimbursement of your costs and provide an estimate of the amount of reimbursement you may receive (based on the number of miles and students you provide).

The form must be signed by the student’s parent or guardian. An 18-year-old student may sign her or his own form.

Please print legibly the name of the parent or guardian.

INSTRUCTIONS FOR SUBMITTING THE FORM

- **The form must be submitted to the school district office of the nonresident school district.** Do not take the form to your resident school district and do not mail the form to the Department of Public Instruction. Your application is not valid unless it is delivered to the proper place.
- **The form must be submitted no earlier than February 6, 2006, and no later than 4:00 p.m. on February 24, 2006.** Late applications will not be accepted for any reason.
- **It is strongly recommended that you hand-carry the application form to the nonresident school district office.** If you mail the form and it arrives after 4:00 p.m. February 24, it will be invalid. If you fax the form and it does not arrive or arrives after 4:00 p.m. on February 24, it will be invalid.
- **When you deliver the form, ask the school district official to date-stamp your copy of the form.** Take that date-stamped copy home and keep it. It is your proof that you submitted the application to the right place at the right time.

REASONS FOR APPROVAL AND DENIAL

Nonresident or Resident School District:

- **Invalid application:** Early and late applications, applications that do not contain enough information to process them (such as resident and nonresident school district), and deliberately falsified applications.
- **Ineligible due to age:** A student must be 4 years old on or before September 1 in order to enter 4-year-old kindergarten and 5 years old on or before September 1 in order to enter 5-year-old kindergarten. School districts are not required to evaluate students for early admission.
- **Prekindergarten, 4-year-old-kindergarten, early childhood education.** The student may transfer only if the resident school district offers the same type of prekindergarten, 4-year-old kindergarten or early childhood education program and only if the student is eligible for the program in the resident school district.
- **Racial Imbalance:** The application must be denied if it would increase racial imbalance in the school district.

Nonresident School District:

- **Space is not available...**in the school, program, class or grade.
- **Expulsion:** The nonresident school district may deny a student who is currently expelled or has been expelled within the current or preceding two years (for certain violent conduct).
- **Special education and related services are not available...**space in the special education and related services is not available, the student has been referred for a special education evaluation that has not been completed or the student has been found to have a disability but doesn't have a valid individualized education program (IEP).

Resident School District:

- **Undue Financial Burden:** The resident school district may deny the application if the cost of the special education and related services required in the student's individualized education program (IEP) cause an undue financial burden to the resident school district.
